

Giving Through a Donor-Advised Fund

A grant from your donor-advised fund (DAF) to Curebound can fund innovative, collaborative research to achieve cures for cancer.

If you have an account with Fidelity Charitable, Schwab Charitable, or BNY Mellon, access the [DAF Direct link](#) to make a gift conveniently from your account. Fill in the institution, the designation (how funds are to be used, if applicable) and the gift amount. It will automatically connect you to your institution to finalize and process your contribution to Curebound.
